Dear Mr. Gertenbach:

In an effort to up-date our grant resources file, I am writing to request literature about your organization. An annual report and application booklets would be especially helpful.

Support areas available to granting agencies for the UNC Lineberger Comprehensive Cancer Center include the following: bio-medical research, health services, pre- and postdoctoral training, and awards for young physician/scientist researchers, excellence in patient care and senior investigators.

Your forwarding material about your organization will assist us in identifying possible collaborators in the prevention, detection, and treatment of cancer. Thank you for meeting this request.

Sincerely,

A handwritten signature in cursive script that appears to read "Sandra Evans".
